The Saur Group congratulates Estelle Grelier on her appointment as President of the FP2E

Issy-les-Moulineaux, 11 September 2024 - The Saur Group is proud to announce that the President of Saur France, Estelle Grelier, has been appointed President of the French Federation of Water Professionals (FP2E). This dual mission is a recognition of her leadership skills and the fervour of her commitment to sustainable water management.

A remarkable professional career

Estelle Grelier has developed and implemented her commitments throughout her career, in both the public and private sectors. With almost 20 years of commitment to public life, she has held positions of responsibility, including European Deputy, National Deputy and Secretary of State for Territorial Collectivities. This wealth of experience has enabled her to acquire recognised expertise in public sector issues and economic attractiveness, which she is now putting to work for the Saur Group.

Since joining Saur in 2019, Estelle Grelier has played a key role in the company's strategic transformation, initiated by Patrick Blethon. Her leadership is marked by a clear strategic vision and a determination to promote sustainable and innovative solutions for the efficient and responsible management of water resources.

On 6 May, the AFL General Meeting also ratified her appointment to the Supervisory Board of the bank dedicated to financing local public investment. This appointment highlights her extensive experience of local government and her ongoing commitment to local authorities: deputy mayor of Fécamp, she chaired the Fécamp Caux Littoral Conurbation from 2001 to 2014 and was Vice-President of the Haute-Normandie Regional Council from 2004 to 2009.

A new mission: the Presidency of the FP2E

In addition to her duties at Saur, Estelle Grelier will now take on the chairmanship of la FP2E, a crucial step in strengthening the impact of the water sector in France.

As President of the FP2E, Estelle Grelier will be responsible for meeting crucial challenges, particularly in the area of water pricing. The impact of climate change on the economic models of water and wastewater services is a major issue, with a significant increase in investment forecast for the coming years.

Thanks to her experience in the sector and the strength of her convictions, she will be able to devise ambitious models for the water services of tomorrow.

Patrick Blethon, Executive Chairman of the Saur Group: "I warmly congratulate Estelle Grelier on her new role and wish her every success. I am convinced that her dual expertise within Saur and the FP2E will make a valuable contribution to the development of water management policies in France. We look forward to seeing how his initiatives will continue to positively influence the sector and promote sustainable solutions for the future of water. "

Estelle Grelier, President of Saur France and the FP2E: "I am honoured by the trust placed in me as President of the FP2E, while continuing my work at Saur. For me, this dual responsibility is a unique opportunity to advance sustainable water management at both operational and sectoral levels. It is essential to review our economic models to enable the necessary investments to be made and to guarantee a future that respects our resources."

About Saur :

Pure Player in water and essential services, the Saur group works to protect the environment at the heart of the territories it serves. Saur has always acted to offer the same quality of service to small municipalities, large metropolises and industrial companies, guided by its raison d'être: to give water back the value it deserves. Saur is present throughout the world: Cyprus, Finland, France, Italy, the Netherlands, Poland, Portugal, Saudi Arabia, Spain, the United Kingdom and the United States. Key figures for 2023: €2.1 billion in net sales, 9,200 local authorities and industrial customers under contract, 12,000 employees and 20 million consumers served worldwide. www.saur.com
