Saur completes the acquisition of Aqua-Chem

Saur Group announced today that it has completed the acquisition of the American water purification company Aqua-Chem, in accordance with the terms announced on March 15th, 2022 and after having received clearance from the antitrust authorities.

Aqua-Chem is integrated within Nijhuis Saur Industries (NSI) and becomes Saur's North American platform for Industrial Water. With the addition of Aqua-Chem, the Group's industrial customers are benefitting from a portfolio of advanced water purification and process water treatment solutions with unique references in the pharmaceuticals & life sciences, beverage, energy as well as the military industries.

About Saur: As a pure player in water and essential services, Saur works to protect the environment in the heart of the territories it serves. Saur has always acted to offer the same quality of service to small towns as to large cities, guided by its purpose: to restore to water the value it deserves. Saur worldwide presence: Cyprus, Colombia, France, Italia, Netherlands, Poland, Portugal, Saudi Arabia, Scotland, Spain, USA. 2021 key figures: €1.7 billion Group net revenue, 9,500 local authorities and industrial clients contracted, 12,000 employees and 20 million consumers served worldwide. #missionwater www.saur.com

About Aqua-Chem: Headquartered in Knoxville, Tennessee (USA), Aqua-Chem is specialized in water purification, with market leading technologies in vapor compression distillers, reverse osmosis, pure steam generation and pre-treatment solutions. Aqua-Chem focuses primarily on the North American market where it generates about 70% of its revenues. The company employs 165 people worldwide and works with a highly diversified client base of more than 300 customers across its four end markets of pharmaceuticals, beverage, energy and military.
